Your personal data is collected electronically and by automated means when you fill in the contact form on the Site. It is processed on the following legal bases under Article 5(2) of the KVKK:

- paragraph (c): processing is necessary for the conclusion or performance of a contract, provided that it directly relates to it (quotes and pre-contractual discussions);

3. Cookies and Similar Technologies

3.1. What Is a Cookie?

Cookies are small text files that may be stored on your computer, tablet, mobile device or any other device you use to access the internet when you visit a website. The Site stores some of your preferences in your browser's local storage (localStorage) rather than in cookies; in this Notice the term "cookie" also covers similar technologies such as local storage.

By lifetime, cookies may be session or persistent cookies; by the party that sets them, they may be first-party or third-party cookies.

3.2. Why Do We Use Cookies?

- to make sure the Site works securely and correctly;
- to ensure cybersecurity and detect bot traffic and malicious activity;
- to prevent abuse of the contact form;
- to remember your cookie and language choices;
- to show the map in the contact section (external content) if you give your explicit consent.

3.3. Types of Cookies and Legal Bases

Essential cookies: required for the Site to work securely and correctly and to provide a service you have explicitly requested. They are used to keep the Site secure, detect bot traffic, prevent abuse of the contact form and store your cookie and language choices. Remembering your language falls into this category because it is a function you explicitly request. Where essential cookies rely on one of the legal bases under Article 5 of the KVKK other than explicit consent, no separate consent is requested. Blocking them may prevent some functions of the Site from working correctly.

Functional and external content cookies: the map in the contact section is shown through Google Maps, a service provided by Google LLC. When the map loads, Google may set its own cookies and process data such as your IP address. The map therefore loads only with your explicit consent: you need to allow the "External content" category in the Cookie Preferences panel or press "Show map" in the map area. Without your consent the map is not loaded; you can still find our address on Google Maps through the "Open in maps" link.

Performance and analytics cookies: not currently used on the Site.

Advertising and marketing cookies: not used on the Site.

If performance, analytics, advertising or marketing cookies are introduced in the future, they will not run without your explicit consent, and this Notice and the Cookie Preferences panel will be updated accordingly.

3.5. Data That May Be Processed Through Cookies

Depending on the cookie, your IP address, device and browser information, session and verification information, time of access, referring website, cookie and language choices, contact form submission times and security and transaction logs may be processed. Omniverse's local storage entries are kept only on your device and are not sent to Omniverse.

3.6. How Can You Manage Your Cookie Preferences?

The Cookie Preferences panel shown on your first visit offers **Accept all**, **Reject all** and **Manage preferences**. Non-essential cookies that require explicit consent are not enabled unless you agree.

You can change your choice or withdraw your consent at any time via the "Cookie Preferences" link at the bottom of the Site. Your choice is stored for 12 months, after which you are asked again. Withdrawing consent does not affect the lawfulness of processing carried out before the withdrawal.

You can also view, delete or block cookies and local storage entries through your browser. If you withdraw consent after the map has loaded, you can delete cookies previously set by Google in your browser settings.

4. Transfer of Personal Data

Limited to the purposes above, your personal data may be transferred to:

- Cloudflare, Inc., our infrastructure and security provider, to host the Site, run the contact form and keep them secure;
- Resend, Inc. and Microsoft, our email infrastructure providers, to deliver the content of the form to our team by email;

These service providers' servers may be located outside Türkiye. Transfers within Türkiye and abroad are carried out in accordance with the conditions set out in Articles 8 and 9 of the KVKK.

5. Your Rights Under the KVKK and How to Apply

Under Article 11 of the KVKK, you have the right to apply to Omniverse to:
